About The Frog & Turtle

The Original Frog & Turtle, a gastro pub is the brainchild and flagship restaurant of Chef James Tranchemontagne.

GASTRONOMY + PUB = GASTRO PUB

Gastronomy: the study of food.

Pub: a neighborhood spot for fun, food and drinks.

Gastro Pub: a neighborhood spot that has good, fresh food. Mixing classical French culinary techniques with a love of Canadian and New England comfort food, Chef James brings a decidedly unique cuisine to the table for his guests enjoyment.

Founded in 2006, The Frog & Turtle drew an immediate and loyal following from Westbrook and the surrounding towns. Combining live music, fresh and inventive food, classic cocktails, microbrews and a varied wine list with the intimate atmosphere of your local pub, The Frog & Turtle was an immediate success.

Now looking to extend that winning combination, Chef James and The Frog & Turtle offer catering services to meet all your needs. From corporate luncheons to in-house dinner parties to bridal showers, the Frog & Turtle crew is at your command.

CORPORATE

Everyone dreads the lunches provided at corporate seminars and meetings. Why not take the road less traveled and make more of an impact on your audience. We offer a unique location with all your in-house needs from dry erase boards, WiFi to visual aid equipment.

Perfect for business breakfasts & luncheons, product demos, staff trainings and any other needs you have. Meetings and private events are available in our restaurant setting or we can bring the food to your place of business.
